Subject: VSO Meeting - Draft Invitee List

Date: Thu Dec 13 2018 14:30:31 EST

Attachments: Draft Invite List_VSO Meeting.xlsx

Gentlemen,

I wanted to run this draft list of VSO representatives for the January meeting by the three of you as Commission leaders for your review and comment. During my meeting with SVAC staff yesterday I informed them that we would be copying them on the invites and asking them to stress the importance of attendance. They reminded me that the Senate can have a hard time engaging the national commanders, but they will do their best to encourage participation.

The team finalized a rough agenda that I will be sending around for comments later, but it will be a moving target as we get invites out and nail down attendees. Other briefings such as Warrior Care Network and the suicide prevention EO are also being scheduled for workgroup teams.

Please let me know if there are other groups/individuals we should invite, or if you feel a different/additional representative from an organization should participate.

Thank you!
